

Digital mammography can help make sure you're there for those special occasions.

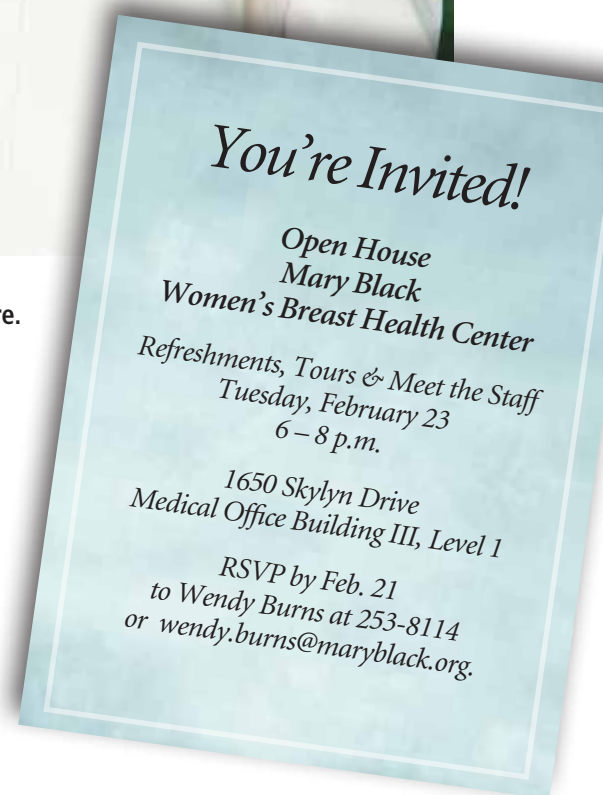

Introducing our Women's Breast Health Center with digital mammography and more.

Mary Black Health System is proud to announce the opening of our Women's Breast Health Center, which brings together advanced technology, the care of skilled specialists and comforts and conveniences like valet parking. The Center offers digital mammography with remarkable image quality that aids your doctor in making a fast, accurate diagnosis. It also features breast ultrasound, bone densitometry and the personal service of a certified breast health navigator, Kathryn Hyder, R.N. For more information, please call **864-573-3285**.
